

the POWERHOUSE™

November 2023

To Whom It May Concern:

This letter is confirmation that the titleholder listed below will be attending an International Competition sponsored by The Powerhouse November 17 - 26, 2022. The first check-in day for the event is Friday, November 17th with the event concluding Sunday evening, November 26th in Orlando, Florida.

The Powerhouse is an internationally-recognized pageant brand that seeks to develop confidence in young girls and women from across the world while encouraging them to set goals and dream big. Each titleholder has the opportunity to develop a resume, go through a one-on-one interview, speak about her goals and dreams, volunteer in her community and learn non-verbal poise and communication skills. This November, The Powerhouse and its staff will be producing the world's largest pageant for young girls and women.

Your student had to qualify to be a part of this award-winning event. She will be competing at the international event this November for several different titles and a chance to win her share of cash, scholarships, and prizes. She is an outstanding young lady who is working hard to make the world a better place. We are so excited to celebrate her and the over 700 other young women from all over the world who will join us for this annual event.

As a former educator, I know academics are of the utmost importance. But outside the classroom opportunities to develop and hone new skills are invaluable to any student. While she is representing her title at the international level, we ask that you please excuse her absence during this time of great opportunity. If you have any questions, please do not hesitate to contact me.

Titleholder's Name: _____

Most sincerely,

Maria-Teresa Duvall, MEd
International Project & Development Coordinator
